

January 27, 2010 WWGA Meeting

Called to order at 7:00PM at the M-C Ranch, Freeland

Vicki started with an opening presentation about what temperature to make sure you keep your horses' water at during the winter to make sure they are drinking the adequate amount of water.

We encourage others to find something to make a 5-10minute presentation at the beginning of meetings to share with other to learn something new.

*If interested please contact John or Vicki for more information.

New Business

➤ Multi-horse use per horse

At the next meeting we are going to vote on the proposition of being able to ride more than one horse per show. You are competing against yourself in your own age group; you also pay a whole separate entry fee for that horse.

If we chose to nominate and pass this new proposition then we will need extra people to work upstairs and keep track of times, (e.g. have three people writing down times) since the shuffle system wouldn't work with having one person riding more than one horse per show.

➤ Fundraisers

Vicki proposed we hold another clinic like last year. As it stands we have a sign up for who is interested in a Pole Bending Clinic with Sam Woodward. We will have an individual class.. Vicki volunteered to put the clinic together. We are trying for the month of April, but official date is to be determined. Price is also to be determined.

➤ We are planning on more fundraisers for the club, if you have any ideas, please bring them to the next meeting, or contact Vicki.

➤ Website

a vote passed for paying for the website to be changed over so it is assessable from home to change for any editing (e.g. rainouts). Now majority of editing of website we can do ourselves.

➤ Advertising

A notion was made and passed to put \$150 to advertising for this year

- Show prizes
they are going to alternate between shows. The first show is going to be money, the second show is going to be prizes, third show money, fourth show prizes, ect.
- Point Placing
Instead of having points go only to 10; they are now awarded up to 15 points. Richie motioned it, Cliff seconded it.
- Treasures Report from Kristi for the new year at \$7,845.56
- Committee Reports;

Sam is taking care of the events and we have a new event listing

Carol isn't able to punch training tickets, and Liz McPhee (sorry if I spelled your name wrong?) volunteered to take over that position.

John is going to make judging sign off sheets

Nicholle is collecting training tickets to account for points per show.

Old Business

- WWGA Christmas Party was a great success!
We held it at the M-C Ranch, had a crock-pot cook-off, Lots of great food! And had a gift exchange.
